PHYSIO POWER

PHYSIOPOWER® for turf & sod is the answer for your crop. PHYSIOPOWER® promotes a nice vivid green and homogenous color with substantial early maturity and incomparable resistance to abiotic stress and drought. PHYSIOPOWER® is a new generation of potent biostimulants based on natural and concentrated marine active ingredients.

PHYSIOPOWER® is the SOD and turf powerhouse that produces an outstanding root attachment, a longlasting vivid green color and a healthier crop every time.

NON-PLANT FOOD INGREDIENT:

- Seaweed extracts (99.8%)
- Inert ingredients (0.2%)
